Flights

When arranging your flights we suggest that you arrive the day prior to departure. The last few days of the trip we can spend on either side of the Falls, on either the Livingstone, Zambian side, or the Victoria Falls, Zimbabwean side, and flights for the end of your trip can be arranged from the airport on either side of the Zambezi river. We are currently finishing on the Zimbabwean side, but this isn’t always the case.

So as not to miss any time at The Falls for activities, we advise booking flights out the day after your trip ends.

At certain times of the year flight availability can become very tight and if you delay your booking you might have to pay a higher price. Please organize your flights as soon as you can if you decide to travel.

The usual flight arrangements for this trip are sometimes known as 'open jaw' flights. These allow you to fly in to one destination and out of another. If searching online these are often called 'multi-city' or 'multi-stop' tickets.

There are several airlines that fly in to Nairobi and out of Johannesburg including British Airways, Kenya Airways, Air France, Virgin and Qatar.

South African Airways offer flights from either Victoria Falls or Livingstone to Johannesburg, as does BA/ComAir. The popular budget carrier that flies from Livingstone to Johannesburg is Kulula (www.kulula.com). We also run a three-day safari between The Falls and Johannesburg if you don't want to fly. Contact the office for further information.

If you are wanting to travel onwards to Cape Town Kulula also do connections from Johannesburg to Cape Town.

If wanting to fly onto Australia or New Zealand, British Airways and Qantas also have tie up Discovery flights flying London – Nairobi, then Johannesburg – Australia and/or New Zealand that are really popular and well priced.

We can help you with a flight quote. Please feel free to call the office if you would like assistance.

We also run a three day safari between The Falls and Johannesburg if you don't want to fly this leg.

A friendly reminder - When purchasing flights to check whether your flight ticket already includes departure tax (if applicable) for the country you are flying out at the end of your trip. If it does not, remember to keep the necessary funds aside in USD to make this payment at the end of your trip.

Insurance

[Back to Index](#)

Your safety and enjoyment when traveling with Absolute Africa are of the utmost importance to us, which is why it is essential that you have arranged adequate travel insurance to cover the entire duration of your trip.

We are happy to introduce you to specialist insurance brokers Campbell Irvine, underwritten by AWP P&C SA. The cover includes a 24-Hour Worldwide Emergency Medical Service who are expert in providing friendly and professional emergency help.

Click on the following link to the page on our website to find out more:
<http://www.absoluteafrica.com/Insurance>

Do note that is a condition of booking that you have contacted your insurers to confirm that the cover you have arranged is appropriate for ALL your requirements, taking into account the remote nature of overland travel, and that any hazardous activities you may intend to undertake are fully covered, including whitewater rafting on grade 5 rapids, scuba diving, trekking Kilimanjaro, volunteer work, lion walks, tandem sky diving and bungee jumping.

When selecting insurance carefully consider the cancellation policy, as well as cover for any valuables you might take. If you buy insurance in the UK you should check that your policy is valid if you are a non-UK resident and the provision for one-way travel if this is required.

Remember when travelling it is important to take all sensible precautions in regards to your security, safety and health, including taking precautions to avoid illness such as malaria. We advise you to make an appointment with a travel clinic as soon as possible after deciding to travel. Your travel insurance might also be affected by the relevant government's Travel Advice for the countries on your route. Do stay up to date with the latest official government Travel Advice.

Visa requirements for the Classic Component

[Back to Index](#)

Your passport needs to be valid for at least 6 months after your trip finishes. Ensure also that you have enough pages in your passport for each country you visit. As a guide then, for the Classic Component

Safari you will want to have a minimum of 8 blank pages (sides).

If you have dual nationality you can only use one passport for the entire trip, but bringing both passports is a wise back-up strategy. You can find more information in the different country listings on the FCO's website (www.fco.gov.uk) under 'entry requirements'. Do be aware it can be illegal to travel in Africa on two passports.

Visas for most passport holders including British, Australian, New Zealand, Irish, South African, German, French, Dutch, Canadian and American passport holders can be arranged in Africa en route. This includes the Kenyan visa which, for most passport holders, can be easily arranged upon arrival in Nairobi's Jomo Kenyatta International Airport. Visas can only be paid for in US Dollars cash.

Below is an estimation of current visa requirements and their cost:

Be aware that visa requirements can change without prior notice. This information is given as a guide only. We do ask that you also check your personal current visa requirements with the relevant embassies well in advance before you travel. Price: Upon Request

Other options to consider before your safari

Beach Stays on the Kenyan Coast: Arrive a few days early to unwind on the white beaches of the Kenyan coast. Prices from U\$22 pppn for stays in simple beach tree huts. Please contact us for further details.

Departure from Nairobi

On the departure date we will collect you from either from The Heron Portico Hotel, Nairobi, at 8.30 am, or Wildebeest Eco Camp at 9.15 am, depending on your location. We then head up country to Nakuru.

The crew will organise a meeting on Day One to go through all the basics you need to know about your safari, including health, hygiene, security and safety procedures. Please ensure you read the relevant sections in this dossier carefully. The crew will also collect the local payment, organise rosters and tent partners, show you how to put up your tent, and answer any questions you may have. There will probably be many aspects of going on an overland camping safari in Africa that will be very new for you, so do listen carefully.

Your crew are there to do all they can to help. Please feel free to discuss any matter with them. Do remember you are on a group trip and it is as valuable to listen to other people's ideas as it is to contribute your own. Your crew have been trained and do know your route. They will facilitate group discussions and will advise to the best of their abilities.

Security in Nairobi

Do be aware that Nairobi is known as 'Nairobbery'. Make sure you stay alert at all times and take sensible precautions. You are best to 'dress down'. Don't wear or carry anything valuable or new including cameras. Mobile phones should be inconspicuous. Do not leave anything of value lying around on display in your room at the hotel. Take great care in Milimani Road and do not walk on the streets at night.

Eating out in Nairobi prior to departure

The restaurant at The Heron Hotel is excellent. If you feel like an alternative though you might also like to visit the Pan Afric Hotel just down the road which has a popular terrace cafe overlooking the street. We would advise that it is best to catch a taxi down to the Pan Afric, particularly if eating there at night. The taxi

should cost approximately 300 - 400 KSH.

Important pre-safari details

Upon booking this overland trip a form is sent to you on which you can advise us by 10 weeks before departure of all your booking requirements in Nairobi. You can also update us on this form of any change in your details and confirm your insurance details, if you don't know these when booking.

Whilst staying at the Heron or Wildebeest, remember to look for last-minute messages in the foyer from your crew. Do protect your valuables at all times.

Flight departure

Check in as early as possible prior to your departure time: your flight ticket will indicate how early you should check in. When checking in you may need to show your Booking Voucher to demonstrate that you will be leaving Kenya on safari. Please remember to carry this with your personal documents.

Arriving in Kenya – Jomo Kenyatta International Airport, Nairobi

At the airport, the signs are in English and Swahili. There is always a bank open for international arrivals.

You will find a bank to your right after you collect your backpack before you go through Customs. You should change up enough money into Kenyan shillings for what you need until you meet the truck or can next get to a bank. Do remember you need to cover any meals you have before the trip starts, including breakfast for the morning of the departure as well as your accommodation and transfers prior to departure.

NB: For rough budgeting/banking purposes, in Kenya the exchange rate is currently 1US\$ =103 KSH (June 2020)

Traveling into Nairobi - The airport is situated 15km from the centre of Nairobi. The easiest way to get into town and to The Heron Portico Hotel is to use a taxi. For your own personal safety and security, do not get the local bus into town.

If you would like the Absolute Office to order a taxi for you ahead of time so that there is someone waiting for you at the airport when you arrive do let us know using the previously mentioned form.

If we book a cab in advance for you the cost is approx 1,750 KSH (approx USD 18) per person if 2 people or more payable with your hotel bill to the Heron, or 2,000 KSH (approx USD 19) per person to the Wildebeest. This is payable whether you use the taxi or not.

Alternatively the information desks at the airport can assist with taxis which can be hired out the front of the airport. Do ensure your taxi is licensed and appears in reasonable working condition. Remember also to confirm the fare before you climb in the taxi. The taxi to The Heron Hotel from the airport should be approximately 1,500 KSH (Approx US\$15), per person, and slightly more to Wildebeest.

Do be aware that anyone offering to assist you with your bags at the airport will expect a tip. You can say no politely. Expected tips for assistance with bags are around 100 KSH. It is wise to have a small amount of change readily available.

At the end of your overland safari

The Classic Component safari finishes in Victoria Falls. You can camp with us on the last night of the trip and the camping cost is included on the last night. We can book extra onwards accommodation if required.

Taxi transfers are between 16 USD and 30 USD, payable in USD cash depending on which airport you are using for your onward flights. Please talk with your group leader in regards to your transfer needs as well if you need any additional accommodation at the end of the trip until you fly out.

If crossing the border to fly out do remember to budget for your extra visa costs where necessary. Zimbabwean visas are between 30 USD to 55 USD. The Zambian visa is USD 50 and if flying out from the Zambian side after visiting Victoria Falls on the Zimbabwean side arrange a double entry when entering Zambia which is 80 USD.

Remember if flying out from Livingstone as well that there is 25 USD airport tax from the Zambian side. A 5 USD security tax is also now applicable. If this is not included in your ticket, please have this ready.

Accommodation can be arranged on either side of the river as well. You should budget between 15 to 65 USD

a night depending on availability and whether you wish to stay in a dorm or single room, payable in USD cash.

In Victoria Falls we can book rooms at Shoestrings Backpackers where the group camps at the end of the trip.

Dorm room:	approx. 15 USD
Twin/Double non a/c:	approx. 45 USD
Twin/Double ac room:	approx. 55 USD

Airport transfer: 15 USD per person

Shoestrings Backpackers has a bar, restaurant, pool, internet access and travel desk.

In Livingstone we recommend Jollyboys Backpackers where there are dorms and private rooms ranging from 15 - 65 USD. This can be booked online at <https://backpackzambia.com/>

Please return the form previously mentioned including your post-safari accommodation and transfer needs to the office 10 weeks before departure. Please also confirm your post safari requirements with your crew on the road.

Heading further afield

We run a short 4 day add-on safari to Johannesburg from Victoria Falls via Chobe National Park in Botswana. Price £550 including a game cruise in Chobe National Park. Do let us know if you would like to join us for this Add-On.

Alternatively if you wish to visit the Okavango Delta for a mokoro safari have a look at our 6 day Botswana Safari visiting both Chobe National Park and the Delta. Price £590 including a game cruise in Chobe National Park and a two night mokoro safari. Do let us know if you would like to join us for this Add-On.

Health and immunisation

[Back to Index](#)

Prior to departure it is essential that you contact a specialist travel medical clinic. Clinics such as Nomad Travel Stores and Medical Centre in London will provide you with the latest recommendations for travel in Africa.

You will need to have the required immunisations and start a course of anti-malarials prior to departure for this trip. Traveling to Africa will expose you to diseases and health hazards that you may not have come across before, such as malaria and waterborne parasites including bilharzia. You must consult a medical professional who specialises in travel medicine before you depart to discuss where you will be travelling in regard to the above, your immunisation schedule and any other requirements. Remember to start your vaccination program in good time, so that it is completed before you go. About six weeks is usually adequate, depending on how up to date you currently are.

Ensure you are well informed about any health concerns en route so you can stay fit and healthy to relax and enjoy your trip. The Lonely Planet publishes a medical travel guide for the region that may be of interest called 'Healthy Travel Africa'.

www.traveldoctor.co.za

There are travel clinics in many of the big centres in Australia, New Zealand and South Africa, as well as in Thailand, Singapore, Hanoi, Bali and Nadi.

Suggested immunisation requirements (This is a guide only)

The immunisations usually suggested for the countries visited on this safari are:

- Yellow fever - Vaccination must not be left any later than 10 days prior to departure and you must be able to show proof i.e. carry your certificate of vaccination.
- Typhoid
- Polio
- Tetanus
- Hepatitis A (three months)
- Meningitis
- Diphtheria
- Tuberculosis
- Other suggested immunisations - Hepatitis B, rabies.

It is essential to take a course of anti-malarials. It is best to discuss the type of anti-malarial medication you should take with a travel clinic such as Nomad. They will have the latest information on which medication is most effective in the countries through which you will be travelling. They can also advise on possible side effects and which drug might best suit you. Do follow all medical advice given with your prescribed medication. Do be aware that some anti-malarials can have negative side effects and also that your choice of drug needs to be appropriate to protect against strains of malaria specific to the regions in Africa through which you are travelling.

The choices usually suggested are:

Larium, taken x 1 a week

Doxycycline, taken x 1 a day

Malarone, taken x 1 a day

Do think about a reminder system for yourself so you remember to take your medication. If taking a daily medication such as an anti malarial do remember also to carry it with you on the plane in your hand luggage.

As well as your anti-malarials, you will need to bring a number of other medical items in a simple Personal Medical Kit. Medical kits can usually be bought at travel clinics. Alternatively lists as to the types of items you are advised to carry can be found in the 'What do I need to bring on safari?' section on page 19.

General information on avoiding malaria

The best way to avoid malaria is to guard against being bitten by mosquitoes and stick strictly to your chosen medication regime. To avoid against being bitten:

- Cover exposed skin thoroughly in insect repellent, such as DEET, from dusk to dawn, reapplying regularly. If applying with sunblock apply it above the sunblock.
- Ensure you carry enough DEET with you to Africa. It is not easy to get hold of mosquito repellent once on the road.
- Wear long sleeves and long legged light weight clothing in light colours as well as socks.
- Always sleep under a mosquito net or in a secure tent with all zips zipped up.
- Wear impregnated wrist and ankle bands.
- You may wish to treat clothing with permethrin.

Do be aware also your insurance cover may well assume you are on a recognised course of anti-malarials.

If you don't take a recognised anti-malarial, it may affect your cover.

Other medical issues

You are reminded that the incidence of HIV AIDS is very high in the countries through which we travel. Sexual contact and dirty needles are the main ways that the disease is spread. Do take all necessary precautions. Use condoms. If having an injection do ensure that the needle is unwrapped in front of you.

You are advised also that the waterborne bilharzia parasite is present in many bodies of fresh water in Africa including sections of Lake Malawi. Bilharzia can be serious. Once diagnosed it is treatable but of course it is best to avoid getting infected. It is recommended also to have a medical check up including a blood test particularly to check for bilharzia upon your return from your safari as a precaution.

Please ensure you contact a travel health clinic prior to departure for the most recent professional medical advice. The above is given as a broad guide only.

Remember it is a condition of booking that you let us know upon booking or at the earliest opportunity if you have any medical conditions, and particularly if you are on regular medication.

It is wise to know your blood group particularly when travelling in the Third World. As this is the case, as a precaution on day 1 your crew will ask for your blood type can you please have this information available for them.

The Classic Component Safari itinerary

[Back to Index](#)

Days 1 – 2: Nairobi, Kenya to Nakuru

We meet from the two collection points in Nairobi on the morning of Day One. From here we leave Kenya's bustling modern capital to head up country, stopping at the Rift Valley Lookout on the way to enjoy the panoramic views. You may well be tempted by the curio markets here, too.

Centred around the soda lake, Nakuru is the first game park on our itinerary. Famous for its flocks of both greater and lesser flamingo, these beautiful creatures feed on algae and crustaceans in the lake. The park is also a sanctuary for black and white rhino, lion, waterbuck, buffalo and Rothschild's giraffe to name but a few of the park's inhabitants. Leopard can be found in this park as well. We have a full day of game drives here in special safari vehicles.

Distance: 162 kms

Est. Drive Time: 4.5 hours

Meals: X2 Breakfasts, X2 Dinners

Included wildlife activity: Full day of game drives in Nakuru National Park.

Vehicle for game drives: 4x4 minivan with pop up roof

Days 3 - 4: Nakuru to Naivasha

Today we stop over at a children's orphanage Absolute Africa have been visiting for many years. We then travel on to set up camp by the freshwater lake of Naivasha for two nights.

Most choose to head to Elsamere in the afternoon to enjoy high tea on the grassy lawns under the huge yellow acacia trees overlooking the lake. A troop of black and white colobus monkeys often keep everyone entertained. Elsamere was the home of George and Joy Adamson who are famous for their time with Elsa and the other lions portrayed in the movie "Born Free".

The following day a visit to spectacular Hell's Gate National Park is always popular.

Rising from the floor of the Rift Valley, the towering cliffs and undulating grasslands of this relatively small park offers the rare opportunity to walk or cycle alongside herds of buffalo, zebra, eland, hartebeest, Thomson's gazelle and giraffe.

A relatively waterless volcanic landscape of tortured basalt cliffs, stark rock towers and scrub-clad

volcanoes, complete with belching plumes of geothermal steam, the park has provided the backdrop to many a Hollywood movie. Most wildlife is found by the waterholes, and community guides are available to assist with tours visiting the dramatic winding water-gouged gorge, the Maasai Cultural Centre in the middle of the park and other features.

Alternatively a guided walk on the nature trail to the jade green Crater Lake set at the bottom of a small volcanic crater found on the western shores of Lake Naivasha can be arranged. Here we can often see flamingo, as well as zebra, giraffe, eland, buffalo and impala.

We can finish the day on a hippo cruise - a fun and thrilling boat ride to enjoy the natural environment, thick with water lilies. Watch and listen for birdlife – storks, cranes, egret, ibis, pelicans and fish eagle - and of course the resident hippo. You can also elect to do a guided walk with the cruise.

Distance, Day 3: 70 kms

Est. Drive Time, Day 3: 3 hours incl. stop for shopping

Meals: X2 Breakfasts, X2 Dinners

Optional excursions: Cycling in Hells Gate National Park, guided walk to Crater Lake Sanctuary, hippo cruise, Elsamere for afternoon tea

Day 5: Naivasha to Loita Hills

This morning we leave Naivasha for Kenya's most visited protected area, the Masai Mara reserve, which has been declared one of the natural wonders of the world. We stop overnight at Loita Hills for a stay with the Maasai, East Africa's most renowned ancient people who proudly retain so many of their traditional ways.

This afternoon we walk in the hills with the warriors to learn about traditional life in the bush. We will also visit a woman's village and the local hot springs. Traditional dancing is performed, and in the evening we spend time with some of the warriors around the fire to find out more about their culture.

Distance: 154 kms

Est. Drive Time: 5 hours incl. stop for shopping

Meals: X1 Breakfast, X1 Dinner

Days 6 - 7: Loita Hills to Masai Mara

Up early we have time for some "warrior training" this morning before we say goodbye to our Maasai hosts. Then we head on to the Masai Mara, Kenya's premier game park, for two days of game drives in special safari vehicles with a local guide.

The Mara is set on a remote plateau, and is perhaps best known for being part of the setting for the famous wildebeest migration, a mass movement of up to 1.5 million wildebeest, accompanied by 600,000 zebra and Thomson's gazelle.

The migration moves between the plains of the Serengeti in Tanzania and the Masai Mara in Kenya. Numerous documentary teams have captured the treacherous river crossings of the Mara and Talek Rivers. Apart from ever watchful crocodiles found in and by the rivers, other predators, particularly lion, cheetah and hyena, closely follow the herds on their seasonal migrations adding to the drama. The Mara is particularly famous for its lion population as well as cheetah and leopard. On the months when the migration arrives any time from mid June vast herds can be regularly found on the grassy plains. The herds tend to stay on through to October by which time they are in the main heading back south to the Serengeti in Tanzania.

Regardless of the season there is always plenty to see in this world-renowned park. Apart from the migratory herds, and predators, elephant and buffalo also wander the plains and fat pods of hippo wallow in the mud-brown rivers. There is a great chance to see eland, warthog and giraffe as well as an immense variety of bird life with well over 550 recorded species of bird noted here. There are also a few treasured rhino in the park that are very closely monitored as they are so endangered.

Days 11 - 13: Arusha camp

Optional safari into the Serengeti and Ngorongoro Crater

Three days are allocated to allow time for a safari into Tanzania's world famous game parks –The Serengeti and Ngorongoro Crater – which most in the group choose to do.

Day 11: Rising early, those going on safari head out with a local guide in the 4x4 vehicles that have pop up roofs. Our journey heads to the Ngorongoro Gate, and through the Conservation Area in transit to Serengeti where we have 24 hours. Across these two parks – the Serengeti and Ngorongoro Crater - wildlife viewing is regularly exceptional.

Once in the Serengeti we see the famous kopjes, small hills of rocks from where lions dozing in the sun nonchalantly oversee the surrounds, keeping an eye out for their next meal. Multi-coloured agama lizards can also be seen basking in the sun and golden jackal tussle over a kill in the grasses.

The Serengeti is a continuation of the same ecosystem across which the spectacular wildebeest migration travels, a mass movement driven by the rains, and the herds' endless search for water and good grazing. To encounter one of the countless wildebeest herds in a bleating, snorting dust - kicking motion on the famous migration moving across "Siringet" the "endless plains" is an experience of a lifetime.

We spend the night camped within the Serengeti with the sounds of the African bush around us. It is quite an experience to be in a tent with just the canvas between you and any wildlife that is out there.

Day 12: Game viewing is often at its best early in the day, so we rise early again to explore more of the Serengeti.

We leave the famous Serengeti plains by mid afternoon to enter more mountainous terrain.

Our drive is also taking us through Maasai lands as well, and the traditional herdsmen can be seen throughout the region. En route we stop to visit a Maasai boma.

Tonight we camp near the rim of the Ngorongoro Crater. We are at altitude here, so wrap up warm tonight.

Day 13: This morning we are up before sunrise to visit Ngorongoro Crater. The Crater is a perfectly intact volcanic caldera and known as the 'Noah's ark' of game reserves. During our morning game drives we might view the 'big 5', lion, leopard, elephant, rhino and buffalo, as well as plains game peacefully grazing including zebra, gazelle, impala and wildebeest. Hippopotamus can usually be found lolling in the pools and Lake Magadi can be rimmed with the pink of greater and lesser flamingo.

During our safari depending on our timing we can stop over in local markets where Maasai display their ebony carvings, spears and beadworks for those who wish to do some shopping.

For those that don't head out on this set of safaris you can relax in camp and spend time in Arusha which has busy markets, a shopping mall, coffee shops and internet. A camel safari can be arranged to visit a Maasai village as well as a visit to Shanga, a social enterprise community based bead factory. You can visit in the extensive Maasai Cultural Centre and Museum, and visit the Snake Park which has a large collection of reptiles as well as a Maasai display.

Back in Arusha we all enjoy a group barbecue to celebrate.

This is a beautiful walk through tropical forest and on clear days there are special views of both the Kibo and Mawenzi peaks of the mountain.

We continue our journey south, travelling through lush surroundings and the stunning Usambara mountain range, before sleeping over at a coastal campsite either in Bagamoyo or in Dar es Salaam 70 kms further south. Bagamoyo itself was one of the first landing points for the Arabian slavers.

We make final preparations for the optional excursion on Zanzibar Island. The core arrangements are made well ahead of time so we are assured our groups are comfortable in the popular beach cottages to the north of the island at Kendwa and for a night in a local lodge in the traditional capital. Days 17 – 20: Optional stay on Zanzibar Island

You now have the opportunity to have a break from camping and truck life for five days on Zanzibar during which you can relax and enjoy all on offer on this tropical paradise.

The tour leader travels over to the island with all those who book to visit the island to ensure that all runs smoothly. We make the core arrangements well ahead of time, so we are assured our groups are comfortable in popular beach cottages to the north of the island and for a night in a Lodge in the traditional capital, Stone Town.

Heading north we arrive at the palm fringed white sand beaches at Kendwa to check into our beach accommodation - swim and snorkel off Kendwa in the crystal clear waters of the Indian Ocean, enjoy some beach volley ball and locally caught fresh seafood.

For those that want to snorkel further afield a snorkelling excursion to Prison Island with its Aldabra giant tortoise can be arrange, as well as to Mnemba Atoll. Scuba diving can be arranged from one of the Dive Centres. Another popular option is to explore the mangrove walkways of Jozani Forest and view the rare red colobus monkeys.

Days 23 - 26: Iringa to Kande, Malawi

We are travelling now in the cooler mountainous region of the southern Rift Valley before crossing into Malawi, the 'warm heart of Africa' to camp by Lake Malawi on a couple of its popular beaches.

Lake Malawi is the third largest lake in Africa, taking up 20% of Malawi's total landmass and created by the chasm provided by the Great Rift Valley.

Known as “the Heart of Africa” you will be struck by the warm welcome we receive here as well, despite Malawi being one of the poorest countries en route. We have the chance to visit a couple of local schools and this is a great opportunity to immerse yourself in traditional village life. Try bartering too with local craftsmen selling beautiful carvings including the traditional Malawi chairs, and enjoy sharing in a village meal during our stay.

We can fish, as well as try a variety of water sports, including snorkeling, hiring a pedalo, canoeing and scuba diving. Lake Malawi contains an unprecedented variety of aquatic life, such as the brightly coloured mbuna cichlid fish. Scuba diving and snorkelling are popular excursions here - activities that have been described as comparable to diving into a fish tank! Horse riding in and by the lake is also very popular.

Kande Beach particularly is a popular stop for a party. The Malawi markets are also the markets to raid for the latest in fashion attire if the group decides on an Absolute Bad Taste Party.

On our full day in the park, we have time to relax by the pool and enjoy the wonderful African bush surrounds, with the chance for a game drive or walk in the morning and also in the evening. Day 31 – 32: Lusaka to Lake Kariba, Zimbabwe

Optional stay on Lake Kariba houseboats

From Lusaka we travel to the Kariba border and cross into Zimbabwe. Arriving at Lake Kariba we hire a houseboat to set sail into Matusadona National Park.

The houseboat allows us two nights away from the truck and camp life again, relaxing on the man-made Lake Kariba. The houseboat crew prepare our meals and the boats have bedrooms, a swimming cage (so you are protected from crocodile!), a jacuzzi and an entertainment area. We travel whilst on the houseboat into Matusadona National Park, which was a refuge established for animals saved when the valley was flooded. Watch game by the water’s edge – elephant, water buck and gazelles, crocodile and hippo, and

fish from the tender boat for the ferocious tiger fish. The sunsets across the lake are truly unforgettable. This is nature at its best, as dawn breaks through the stark silhouettes of the driftwood trees, the silence only broken by the haunting cry of a fish eagle.

The boats have bedrooms, a jacuzzi and the houseboat crew cook our meals, so this is a fun change from camping and life on the road.

Distance, Day 31: 208 kms

Meals: X2 Breakfasts, X2 Dinners

Days 33 - 34: Lake Kariba to Great Zimbabwe Ruins

We drive via Chinoyi to the Great Zimbabwe Ruins - the remains of the ancient capital of the Shona people which was constructed between the 11th – 15th century. There are three main areas of ruins known as Dzimba dzamabwe (“stone houses”) from which modern-day Zimbabwe gained its name. These were formed using the dry stone technique, completely without mortar. The term “Great” distinguishes these rock constructs as different to smaller formations in the region and Great Zimbabwe are known to be the largest collection and most impressive ruins south of the Sahara.

This is an area of spectacular scenery of large, balancing granite boulders, for which Mzilikazi, founder of the Ndebele nation, gave the area its name which is believed to mean ‘Bald Heads’ by some.

Cecil Rhodes and several other leading early white settlers are buried amongst the rocky outcrops. There are also very special San Bushmen cave paintings found in the hills. The Park is home to both, black and white rhino, giraffe, hippo, leopard and has a wonderful amount of birdlife including a large black eagle population.

Day 37: Bulawayo to Victoria Falls

Our final drive brings us to ‘Mosi-Oa-Tunya’, ‘the smoke that thunders’. The Falls provide breathtaking

views of sheer drops and raging waters. Mists from the Falls rise meters into the air and water a lush tropical rainforest on the rim.

Meals: X1 Breakfast

Days 38 – 39: Victoria Falls

Our last few days allow time to enjoy all the area has to offer – from adrenalin- activities to sunset cruises gliding on the placid waters. Try white water rafting in the gorge, a bungee jump or gorge swing, abseil or take a flight in a small craft over the Falls known as 'The Flight of the Angels'.

Wander the rainforest beside the Falls and explore the different views of the Falls along the way. Horse riding is also on offer. There are also a good number of bars and restaurants, and a variety of markets. This is the perfect place to enjoy the last few days of your overland adventure.

Zanzibar Island

As part of your safari we offer the option to go over to exotic Zanzibar Island for a 4-night stay in bed and breakfast accommodation. Three nights are spent in beach bungalows to the north of the island and then one night is spent in a lodge in the traditional ancient capital, Stone Town. We also organise a spice tour which provides a fun and fascinating glimpse of the history of the island. We visit the ruins of the Maharubi palace and plantations where exclusive fruits and spices are grown, the island's history being based around the spice trade. Otherwise the time on the island is yours to relax, enjoy the beach, warm waters and fresh seafood. There is a scuba diving centre beside the bungalows and snorkeling is also easily arranged from here.

Accommodation and other arrangements on Zanzibar Island can book out. We have found it best, over many years of overlanding, to prearrange bookings well ahead of time to avoid disappointment and ensure all runs smoothly. If you would like to travel over to the island and stay together with your group and safari leader, these arrangements can be paid for before departure. Paying for these arrangements ahead of time also reduces the amount of cash you need to carry with you to Africa and particularly over to Zanzibar, which is a significant advantage. Most join in with these arrangements on the island, opting for shared accommodation in doubles or triples. Singles are also available, for which there is a supplement.

Money and budgeting

[Back to Index](#)

When costing an overland safari the areas you need to consider are:

Before you go...

1. Your price
2. Your airfare
3. Immunisation and anti-malarials
4. Zanzibar Island stay

5. Insurance
6. Equipment

Step off the plane in Africa with...

7. Spending money – this is very individual and often depends on how much you drink. A suggested budget would be 800 - 950 USD.
8. Local payment – 620 USD
9. Optional excursions – The average amount people usually spend who are wanting to do most optionals on the trip is between 370 - 1,300 USD.
10. Visas: Up to 305 USD depending on nationality
Purchasing visas in Africa in \$US dollars for the above passports is currently cheaper than buying ahead of time.
11. Pre and post safari costs.

Please note: You need to carry money with you out to Africa to cover Items 7 to 11 (i.e. for your spending money, local payment, optionals, visas and pre and post safari costs). The figures above are conservative estimates for average spending per person on safari. There is a lot of variation in how much spending money individuals need as it is dictated by personal choice, as is your budget for optional activities.

We have no control over local operators' charges and new or other options that become available after our date of printing. Nor can we control exchange rate fluctuations, which can impact on budgets as some items are only payable in USD or are cheaper when purchased in USD. USD often tends to be the preferred currency. Figures quoted are based on regular information we receive from operators, passengers and crew in the past 12 months. You are advised that prices do go up and down very regularly. Our aim is to keep you informed of the most recent prices. In general you will often find that whilst some prices are underestimated at other times they are overestimated.

How do I take this money to Africa?

We strongly recommend that you organise the money you want to take to Africa *before* you leave for your trip. Clients are currently organising their cash for their safari as follows:

USD cash

We are finding clients find it most convenient to take approximately 1,900 - 2,100 USD cash on this trip. This includes money for your local payment, visa payments, some optionals and occasionally to buy local currency when you can't get to a bank or forex bureau, assuming you are also carrying some sterling or euro cash to use for purchasing local currency for spending money as well.

Please note that in general USD notes need to be post 2008 and in good condition. When arranging your USD cash a range of denominations is probably the most convenient including a few 5 USD and 10 USD notes as well as 20s, 50s and 100s.

Remember you will need 50 USD for your Kenyan visa when you land at Jomo Kenyatta International airport in Nairobi unless travelling on a South African passport. Also do have suitable notes organised to pay the exact amount for your local payment if at all possible. Your local payment is payable on day one of the trip.

Pounds and Euro cash

You may also like to carry up to 120 GBP or EUR cash as well if your money is currently in sterling or euro. This can be useful to buy local currency when you can get to a bank or regular forex bureau. If you are not in sterling or euro consider carrying more USD cash.

When arranging your cash remember small denominations can be useful but the larger denominations will give a better exchange rate. You should also request that your notes are not torn, written on or damaged in any way.

Sterling and euro are best carried as 20s and 50s to be used to buy local currency when you can get to a bank or forex bureau. Please note also that Scottish pound notes are not accepted.

When you arrive in Nairobi you should change up enough money into Kenyan shillings to cover all our personal needs, such as accommodation, transfers and meals, including breakfast for the first day before you meet the truck.

As you spend about a week in Kenya and sterling and euro can attract good rates at times we would strongly recommend you change up 100 GBP/EUR at Nairobi airport when you arrive if your money is currently in sterling or euro. Otherwise change the equivalent in USD.

When you land in Nairobi there are a couple of banks on the right just before you come to Customs at Nairobi airport.

Cash is carried at your own discretion and should be organised before you leave for Kenya.

ATM access and Paying by Card

Note that it will be possible to access ATMs en route if you have a debit (Maestro) card or credit card (Visa and master card).

Do be aware where ATM access is available you can usually only draw local currency which cannot be used for all your costs. Many of your costs such as the local payment, visas and some of the optionals can only be paid in USD cash. Please note as well that Visa is the preferred card to use for payments.

Travel cards and cash passports are not well known and not widely accepted so not recommended to bring.

Do note that ATMs are not always reliable as they can be out of money, broken or the power could be out so do not solely rely on ATMs.

In places like Antelope park and Victoria Falls, a lot of the optionals can also be paid for by card. Note there might be charges for this.

Other things to note in regards to organising your money for Africa

It is not often possible to obtain many of the relevant African currencies prior to going, and where possible the rate is usually poor.

Your crew will let you know where is best to change up as you enter each country into their local currency. It is best not to organise any local currencies prior to arriving.

For your information the currencies you will meet are:

Kenya	Kenyan shillings
Tanzania	Tanzanian shillings
Malawi	Malawi kwacha
Zambia	Zambian kwacha

Your crew can advise you as to what you will need, where exchanges/banks are available etc. as you travel. You will need to consider as you travel what optionals you will wish to do as well as how much you'll require for your personal needs.

This trip is structured so that most of your costs are 'pay as you go' via the local payment, some optionals and your spending money. This allows you to control your budget and only pay for those things you wish to do. Overland trips have been costed this way for many years and for a number of reasons - partly as prices for some optionals can vary a lot month to month: as some optionals are quite seasonal, such as specific game parks and whitewater rafting; different clients like to do different options; banking in Africa is quite difficult. By doing it this way you also know that your money is regularly going directly to local operators on the ground in Africa. Please note every safari is individual and it is not possible to detail all the possible optionals you will have a choice to do, nor to predict new options that can arise. It is important that you do budget carefully to ensure you have adequate spending money to cover all eventualities and enjoy all you wish to do once out in Africa. Do remember also to carry what you need for before and after the safari on top of the above budget.

Personal spending money

This amount is individual and variations in budgets depend largely on how much you spend on souvenirs and drink, as well as on lunch and snacks. It is a regularly updated average that has been provided by the crew and recent clients.

The spending money budget is also calculated to cover meals and occasionally camping those times when the truck is not on the road. In some destinations where there are popular overnight excursions such as on Zanzibar Island or on the houseboats on Lake Kariba meals and camping are not covered. At other busy destinations such as Victoria Falls accommodation is covered but there is so much happening it is impractical to organise meals from the truck. You may also need to spend on personal costs such as email, toiletries etc.

Some weeks you will spend more and other weeks less. The current recommendation to carry as personal spending money for this safari is 800 - 950 USD. Allow an extra 30 USD a week approximately if you think you might want to occasionally upgrade your accommodation to stay in chalets, which are available at some campsites.

For those who enjoy shopping or even browsing there are many different items to tempt you - Tanzanian makonde carvings and stone chess boards, kangas and kikois, beads and jewellery, Malawi chairs, wooden giraffes and batiks to name just a few.

Regularly 'smallish' optional activities also arise costing under 20 USD, and these also will be covered by this spending money. Alternatively some clients like to buy a T-shirt at Livingstone or one of the many activities you might try or a DVD of 'the big day out' - white water rafting or gorge swinging. Livingstone is also one of the places where the local restaurants offer huge variety and after weeks on the road are too tempting to miss.

Tippling: You may like to consider tips for good service, particularly at some of the big highlights such as after the Serengeti, Ngorongoro Crater or the houseboats at Lake Kariba for example. You may find that you may like to organise this as a group or individually.

If eating out in restaurants, a 10% tip is a good guide to follow.

Crew tips are certainly not expected although the Absolute crew do work incredibly hard and often much of this work is done 'behind the scenes', before or after the group is up and about. A tip or small gift is always appreciated and is also a way to show your appreciation of their efforts if you have had an enjoyable trip.

Do budget carefully to ensure you have adequate spending money to cover all eventualities and enjoy all you wish to do once out in Africa, bearing in mind that it is very difficult to access money from overseas once you are on the trip. Remember also to budget for whatever pre and post safari arrangements you might also have in mind.

Optional activities

These excursions are paid for in Africa with the exception of the Zanzibar Island stay, which are booked and paid for in advance in London if you wish to do these options. Do note these excursions are run by local operators on the ground. They are not run by Absolute Africa.

Please contact us if you would like further information about any of these activities or excursions. Many of the optionals are payable in Africa in USD (cash). A few may be payable in local currencies. (Prices guide only as of June 2020).

Further information in regards to optional excursions and spending money

Paying for excursions in Africa allows you to decide what you wish to do as you travel. Bear in mind that some activities such as white water rafting and also some game parks can be seasonal. Please note also that prices constantly fluctuate in Africa, partly due to exchange fluctuation. The above figures are the very latest currently available to us at the time of writing. They can be taken as a reasonable guide only.

Lunch, drinks, souvenirs and your evening meals on Zanzibar are also covered by your spending money.

Updates on the price for all optional excursions are usually available in the update information we send out about two months before departure. Do check for the latest copy of this document as well which is available on line. Do be aware though that you are covering an enormous amount of territory on this trip and visiting many destinations, and consequently you may well spend a lot. Africa is 'not cheap' particularly when you add in game park entries and the cost of adventure sports such as tandem sky diving, whitewater rafting, scuba diving and the gorge swing. Much of what you see though will afford you priceless memories and allow you to be actively involved to the limit. Much of what you spend also enables much needed cash to go to local people and wildlife conservation.

The optionals listed are usually those most clients wish to do. If you choose not to do an optional activity do bear in mind this is your chance to catch up on washing, communications, read, relax and take time for yourself. During these periods the truck is usually parked up at a campsite where there are adequate facilities for you to be quite comfortable while you wait. Your crew will also, when possible, help you with alternative activities – e.g. safe places to take local walks that might be available throughout the route, swim, cycle, hire a canoe, kick a soccer ball around with the local kids, go fishing, camel ride, visit the local markets or post office, a cinema, a museum, golf course, church, club or coffee shop.

There is a range of availability of things to do from destination to destination on the itinerary. At some places such as in Victoria Falls there is a lot of choice and either/or optional choices. It is probably physically impossible to do all there is to do at Victoria Falls. At other destinations, which are quieter, there are fewer choices if you do not do the listed optional excursion/s. This is worth noting particularly for optionals that last over one or two nights as you may not wish to be on your own at a campsite for an extended period such as when the group visit Kariba Houseboats. Do bear in mind also with the houseboats in particular that they allow you to visit Chete Island for game walks or alternatively Matusadona National Park, and as well give the group a welcome break from camping and cooking.

If you would like further details of any of the different optionals for the safari do not hesitate to contact the office. It is a group participation safari so it is worthwhile thinking and planning ahead as to what you personally might like to do and to work out a realistic budget accordingly.

Please note also every safari is individual and it is not possible to detail all the possible optionals you will have a choice to do nor to predict new options that can arise. We will endeavor to provide another accurate price update for you just prior to departure. Please note also though we have no control over local operators' prices or government taxes. Nor do we just select operators on price, many factors have to be weighed up when selecting operators. We are always keen to get information on new operators and the best prices but do be aware that deals come and go constantly in Africa. Consistent service delivery and safe and respectful ethical practices are also worth searching for and rewarding. Your crew will work very hard to ensure you get the best value for money day to day on the road.

If you would like any assistance in regard to your budget please do not hesitate to get in touch with us.

What do I need to bring?

[Back to Index](#)

We ask that you carry your possessions in one large back pack, travel bag or soft suitcase (65 to 85 litre maximum). Day to day necessities can also be kept in an additional day bag which should be large enough to carry your needs for two to three days at a time. Please note we reserve the right to refuse any extra baggage and sending it home or storing it will be at your own cost.

You should carry your valuables in a flat money belt which you wear against your skin.

Do remember traveling light is always wise and particularly when going overland. Passengers also often buy a lot of African souvenirs on the way.

The vehicles have good storage capacity to carry souvenirs and lockups in the vehicle for your valuables, pack and day bag. There is a locker under your seat for easy access for day to day needs.

The following list details essentials as well as non essentials. It is a guide only. If you are unsure about

specific items please feel free to ring us.

You need to bring:

- Travel documents including passport (including relevant visas) and air tickets
- Booking Voucher with Final Receipt - essential for immigration purposes
- Vaccination documentation, particularly for yellow fever shot
- Insurance policy
- US\$ cash for your optionals, local payment and spending money
- Credit card - preferably Visa

Other items to consider

- Student/YHA card
- PADI licence/diving ticket
- International drivers licence
- Photocopies of main documents (keep separately)

Essential camping equipment

- Sleeping bag and sheet.
- Eating utensils, including cutlery, cup, plate/bowl.
- Torch and batteries, a head torch being the most useful.
- Mosquito repellent (DEET) 50% strength - up to 3 bottles.
- Insect repellent spray
- High-factor sunblock cream
- Lip salve/Chap Stick
- Padlock
- Small personal medical kit including: anti-malarials, vitamin tablets, paracetamol, antibiotic powder, Band-Aids, cotton wool, sterile gloves, flu medication for coughs, colds and sinuses, rehydration salts, sports injury cream for sprains, an antihistamine, immodium, treatment for tummy bugs, stings/bites and sunburn and eye drops. If you wear contact lenses you are advised to carry disposables.

Other items

- Pocket knife
- 1 litre water container (Make sure it screws tight)
- Ziploc bags for wet items, rubbish and to keep items dust free.
- Towel
- Antibacterial Soap
- Condoms
- Tissues
- A means of securing your hair back is useful such as a bandana, a scarf, beanies, hair ties and clips as it can be windy day to day driving on the truck.
- Cigarette lighter
- Concentrated travel washing liquid or washing powder, clothes line
- Emergency sewing kit
- Tweezers, nail scissors, nail brush

You will probably find it worthwhile to pick up a cheap blanket once you arrive.

In regards to toiletries these are available to buy in Africa including shampoo, soap, toilet paper and tampons. Please note though they can be quite expensive and it can be time-consuming sourcing particular items. Carry some toiletries at least for your first month.

Ensure you bring any medications you might require with you with the script.

The two most common gynecological problems that may occur whilst traveling in Africa are thrush and urinary tract infections. If you know you are prone to either of these it may pay to seek advice from your doctor and bring the necessary treatments. Loose fitting, cotton underwear and clothes are always wise.

Consider bringing

- Binoculars
- Pillow
- Inflatable roll mat (in addition to the provided mat if you prefer) and puncture kit

- Wet Ones can be useful
- Books
- Writing paper, pens
- Mossie net impregnated with permethrin or similar if you want to sleep out of your tent at any time on safari, particularly in the warmer months (tents have in-built mossie nets at door and openings)

Electrical items

- Mobile phone
Text messaging can be a good way to stay in touch with the outside world. Remember if you are on international roaming the charges will be very high to make and receive phone calls. If communication is very important to you, sim cards can be purchased very cheaply on the road. Some clients have their phone unlocked before arriving in Africa whilst coverage is not always good on this tour.
- iPod/iPhone/MP3/Music player including earphones if you want to listen to your own music
Please note it is also possible to use your iPod/iPhone as a hard drive to store photos – check the memory before travelling to ensure you have enough space to store all the photos you may wish to take.
- Camera in a protective case and spare memory card(s)
- For SLR cameras we recommend a telephoto of 120 mm (or similar) or an 80-200 mm zoom
- 2 camera batteries
- Polarising filter/lens hood for SLRs
- USB cable – to connect to internet cafes or for downloading
- Camcorder

Charging your equipment

If bringing a camcorder, digital camera, iPod or mobile, your equipment can be charged from the truck. The trucks have 600 watt Intelligent Power Inverters converting 24v DC to AC mains electricity (220-240v). This will be sufficient for charging any photographic equipment required. Remember to bring all necessary cables. You will also want to bring a mains international adapter to charge at campsites as an alternative. A spare battery pack, where possible, is also advised.

Clothes

Please double check the weather conditions for your particular safari when packing. Cotton and loose fitting items are preferable. Do also realise that any white clothing won't stay that way!

- Lightweight cotton clothing, shorts and T-shirts as well as shirts with long sleeves and long pants, including casual wear for nights out. Long pants, sarongs and sandals are fine for these times
- Lightweight waterproof jacket and a fleece
- Swimming costume, sun hat, sunglasses, sandals
- Lightweight closed-in comfortable walking boots, shoes or trainers with a non-slip tread which give enough support and good traction. Please avoid shoes that get too heavy and hot, 'platforms', high heels or 'strappy' sandals
- Spare shoelaces

We would encourage you to bring clothes that will wear well, as travelling in Africa is very hard on clothes. Conditions are rough and belongings do get dusty and can get damaged. Soft bush colours are most suitable. Being able to layer clothing that can be removed easily as the day heats up is an advantage. This also helps to keep valuables inconspicuous. Clothes with zip and velcro pockets are sensible. Due to the bumpy road conditions women are advised to bring at least one sports bra. Women should dress 'modestly', respecting the sensibilities and attitudes of the people and countries they are visiting. This is of particular importance for your stay on Zanzibar. Note as well that G-String bikini bottoms can cause embarrassment and concern in some regions of southern Africa. *Be aware that camouflage clothing should be avoided.*

Life on your Big Yellow Truck

[Back to Index](#)

Day to day it is essential that everyone helps out with every routine chore. The trips are participatory in nature - the more you put in to the group and the trip the more you will get out of it. Overland safaris are very much about everyone willingly getting involved and working as a team. A roster is established for

duties. Tasks you will need to be involved in are: cooking and shopping, assistant to the cook, washing up, cleaning the truck, filling the jerry cans, lighting the fires and truck guard duty.

On safari do follow all instructions given by your safari leader as to how to use equipment, move around on, and enter and exit the truck as well as how to maintain all supplies. Please also follow all washing and cleaning procedures carefully to avoid infections being spread. Seat belts are fitted on the truck. For your safety please use these. Please also follow all washing and cleaning procedures carefully to avoid infections being spread.

It is essential in order to keep to schedules that you listen at group meetings to know what is happening and when, on the following day. Please follow all instructions carefully in regard to border crossings. Most trucks will also have an information folder on the truck with information as to what is happening for the next few days. For the group to function well you do need to keep yourself informed about upcoming arrangements. Group meetings are essential to help the group work together.

On a daily basis you are encouraged to look out for each other and be considerate of everyone else's needs and wishes. Your group will be made up of individuals all wanting to get the most out of their trip and at the same time each of you will have your own specific likes and dislikes, needs and wishes. These are group adventure camping safari, not a 5 star holiday! A sense of humour and patience are essentials to pack! The group experience of seeing your safari through together on the truck is one of the really exciting and fun aspects of the trip. For some, the group experience and day to day life on the truck becomes a main highlight.

Often on the road you will be up early for breakfast. Wherever possible, you buy lunch in local markets and you then have opportunities to mix in with the local community and organise anything you need to including ensuring you have enough drinking water. Remember how important it is to keep up your fluid levels during the trip. Please note we cannot guarantee the provision of regular clean drinking water from the truck throughout the safari and you do need to organise your water day to day. At most campsites the truck can easily access clean drinking water and you will find the water carried on the truck is often drinkable, particularly once we head south into Tanzania. Where this is not the case it is advisable to buy your own bottled water, which is readily available and most campsites now sell sealed bottled mineral water. When purchasing your water do check that the bottles are sealed.

Drive times in Africa, even in southern and eastern Africa, can be difficult to predict so do be prepared for the occasional situation when the plot changes! Getting bogged is an essential optional extra...be prepared. And in general, be ready for some occasional long and dusty drives. These are based on ongoing and careful scheduling decisions to ensure you get to the current 'must see' places.

On the road there is always a lot to see but also too, you may like to bring some good books and an iPod to listen to your own music. The occasional long drives are deemed essential by crew to get you where you want to be in the time give

Schedules and Itineraries

When you go on safari do remember our aim at all times is to enable you to have an experience of a lifetime at an affordable price. Due to the nature of Africa - weather, politics, road conditions, lack of infrastructure, border restrictions, breakdown, sickness, etc. - it is not always possible to exactly follow departure/arrival dates and routes. The best plans can unravel and in a lot of ways that is all part of the adventure that makes your safari. Itineraries and truck schedules can be changed at any stage prior or during your safari particularly in consideration of crew needs, weather and road conditions as well as security concerns, truck servicing requirements and booking patterns. Whilst we do all we can to avoid making changes please note we do reserve the right to change vehicles and/or crew on a safari at any time without notifying passengers.

The trips are made up of components and quite often during the safari you will probably meet clients doing shorter and longer sections of your trip depending on the booking patterns for the months you are traveling.

Camping

We supply large, durable three-person tents complete with ground sheet and separate waterproof fly sheet, ideal for Africa's varied conditions. They also have mossie netting in-built at the doors and openings. These are used for two people only.

We also supply high-density foam roll mats.

All cooking equipment is supplied including pots and pans, gas cookers, a cool box, lighting, fire-grate, cooking bench, chairs and shelter. The truck also has a large fridge.

It is a participation trip and part of your every day routine will be to put up your own tent and be involved in all the daily chores on a daily basis including cooking and cleaning. For reasons of personal hygiene, we ask you to supply your own cup, plate and cutlery. You may wish to bring your own mosquito net as well if you think you may wish to sleep out of your tent, particularly in the hotter months. It can become warm in the tents. Please note your net needs to be large enough to tuck in under your roll mat.

There is also the occasional opportunity to upgrade to dorm-style chalet or simple hut accommodation with a bed if you think you might need a break from camping. This usually costs about 20 USD a night. Availability though is very limited and you need to be considerate of everyone else on the truck. Do budget accordingly though if you might wish to upgrade once or twice en route.

The facilities in the campsites we use vary a lot. In general you will find campsites that are clean, may give a little hot water, and can have working flush toilets. Be aware though that water pressure is often very weak and toilets can be long drop style. Please do not come on your African adventure camping safari expecting pristine bathroom facilities...

You will find we may also camp in the bush a couple of times during this trip under the African night sky. Your truck is well equipped for these opportunities but be prepared to 'rough it' a little these nights and enjoy the chance to camp out in the wild.

Please remember when leaving a campsite we do expect you to be diligent to leave places as you find them if not better. In particular we insist that cigarette butts and toilet paper are not left behind when free camping....we are just visitors here in a continent with extraordinary challenges and dilemmas to face. Do be responsible as you travel.

Sickness

All our trucks have a medical kit, which has been put together by tropical expedition specialists for emergency use only. The foreign embassies throughout Africa provide English-speaking doctors for emergency situations. If you do fall ill we will transport you as soon as possible to the nearest health clinic and your crew will do all they can to assist. You will always have a friendly escort.

Meals and cooking on the truck

Day to day meals are prepared from the truck using both the non perishable supplies we buy in bulk prior to the safari and fresh supplies we buy as we travel. Staying fit and healthy on safari is a priority as we do keep busy and we want you to enjoy all you do. Everyone takes turns on a roster basis cooking for the group, being 'assistants' to the cooks and with the clean up. The safari leader assists with menus, recipes and loads of ideas as well as being directly involved with cooking day to day as needed. She/he is available to provide support and encouragement at any time during meal preparation. Cooking together is lots of fun and all part of the group experience! The sort of meals provided day to day are spaghetti and pasta dishes, stir fries, cottage pies, kebabs, curries, stews and casseroles, hamburgers or jacket potatoes, which are then complimented with rice and/or salads. Breakfast is usually fruits, muesli and/or other cereals, toast, as well as some regular cooked breakfasts like eggs, bacon, baked beans or pancakes. During the trip we often also arrange to cook a spit-roast pig or goat or alternatively do a hungi, which is usually a project in itself...

There are also a few pre-arranged meals booked ahead of time so the whole group can occasionally relax in the evenings in the knowledge that someone else is doing the cooking. This frees up the itinerary so you can enjoy a little more of Africa. We also use these opportunities to enjoy a couple of traditional local meals on safari and as well arrange a seafood buffet so the group can experience seafood fresh from the Indian Ocean.

Specialist diets

For vegetarians we do all possible to ensure a good supply of veggies, salads, fruits, beans, pastas and rice. The diet leans towards vegetarian day to day as fresh quality meat is not easily accessed every day. The staples are beans, pastas, pulses, and rice, as well as fresh fruit and vegetables when available and in season. In restaurants, when meals are ordered ahead of time, vegetarian options are available with usually good supplies of fresh fruits, veggies and salads. Do be aware though how spoiled we are in the Western world with our constant supplies of fruit and veggies regardless of the season. In reality, and more naturally, fruit and vegetable supplies are seasonal, may not be as chemically assisted and can also be difficult to access en route. We will do all we can to ensure supplies where possible.

We can also cater for gluten-free, vegans, wheat-free and dairy-free diets, supplying soymilk, rice noodles, gluten-free cereals etc. When booking, do remember to let us know if you have any specific dietary

requests.

Safety and security whilst on safari

Traveling as a group does provide you with an added level of security. Perhaps the two most important factors to always bear in mind when travelling in Africa are to be constantly vigilant as to your own and your group's health and security.

Personal safety

Do be very aware of protecting your cash and valuables at all times and do not walk around flaunting valuables e.g. cameras, jewellery and money. Remember even cheap jewellery can look expensive! Day to day, layer your clothing to keep valuables inconspicuous and take clothes preferably with zip and velcro pockets.

Money Belts - The most efficient money belts are ones that go under your clothing, against your skin. If you use a bum bag please only carry small amounts of local currency in it that you are prepared to lose.

Do not leave anything unattended anywhere - including in your tent - and avoid being crushed in large crowds. Be very careful when you walk after dark; never walk alone or become separated from the group. Take taxis in cities at night and around unfamiliar areas. When taking taxis always agree on a price before setting off.

Whilst in Nairobi before the start of your safari, all valuables should be kept on your body when not in a safe. Once you join the truck, valuables can be locked safely away in a safety deposit box, which is kept hidden within the vehicle.

In Kenya confidence tricksters are particularly common. Be wary of anyone with a hard luck story, asking for assistance, soliciting sponsorship (particularly educational) or anyone offering a deal to change money at favourable rates. In particular Nairobi is known as 'Nairobbery' so please make sure you stay alert at all times.

ATMs are becoming more accessible on the route, you must also be wary of security of crimes around ATMs. Be discreet when withdrawing cash and as always be very careful with your card and cash.

Truck security

Your truck will have a lockable safe in which to keep your passport and valuables. You will also have a lockable place on the truck to keep your day bag. Your backpack is stored underneath the truck. The truck is never left unattended. Do be aware on safari you will be required in certain locations to assist with watching that all is safe and secure with other passengers. Please note whilst all precautions will be taken in regards to valuables left on the vehicle we cannot be held responsible for any damage or loss from the vehicle.

Do listen carefully to all instructions regarding security issues given by your crew and local operators as we travel. Before traveling you are also advised to keep yourself informed and up to date as to the current political situation in the countries through which we travel and to check out the Foreign Office Travel Advice. If you are a British, Australian or New Zealand citizen you may like to look at: www.fco.gov.uk, www.dfat.gov.au or www.mfat.govt.nz.

Remember this is a group experience you are booking. It is a condition of booking that you follow the group leader's instructions and take responsibility for your rostered tasks. It is important that every member of the group is attentive and looks out for each member of the group's health and security. All in your group will appreciate your co-operation with this.

Photography

African authorities often require that tourists do not take pictures of bridges, airports, railway stations or military installations. We are often in areas where locals are not used to being photographed and we ask you to show them every courtesy. If in doubt it is always best to ask first.

Trading, donating and supporting

You may wish to consider if you want to bring items such as old T-shirts, sunglasses, cheap watches, old walkmans/discmans and mobiles to trade.

Please be aware we strongly discourage giving away 'something for nothing' from the truck, whilst we are very happy on the other hand to donate pens, books etc. to schools. Do note it is also very unwise to donate cash en route. If you wish to donate something whilst in Africa remember pens, crayons, balls, books, soap and stickers are always welcome in schools and orphanages. For more ideas feel free to contact us.

For projects we support check out the website or contact us.

Problems or issues you may have while on the tour

Where you have any issue at all during the tour, talk to the tour leader at the very earliest as this could affect the rest of your trip. The tour leader is there to help and they can't if you don't let them know the issue. Your driver is always happy to chat as well if the tour leader isn't available.

Remember as well these are group participation trips. Group meetings are there so everyone can talk about what's happening day to day so do raise any niggles or queries at the meetings.

If you do experience a problem while you are on the tour such as feeling unwell, not getting along with a fellow traveller or if there is something that you are unhappy with in regard to the running of the tour or anything else that is bothering you or stopping you from having an enjoyable trip, please do inform your tour leader directly of the problem as a priority. They will want to know. Once they know they can take the appropriate actions to resolve the issue as quickly as possible. All and any issues will be treated with the utmost confidentiality.

Everyone at Absolute Africa works very hard to ensure our travellers have the very best of trips. Should you have a continuing problem that you feel is not being addressed effectively it is your responsibility to email or contact the office at the very earliest. Detailing your concern in writing in an email is usually the best way to explain. We will then look into this immediately to see how the problem can be resolved so you can continue to have an enjoyable tour. Further details can be seen in our Terms and Conditions (14).

General code of conduct

We are ambassadors for our respective countries. How we act on safari should reflect this. An open mind, and a desire to have a positive impact, are vital attitudes to carry. A sense of humour is also an essential to pack for any safari in Africa.

We won't leave a campsite until it is entirely clean. Your enthusiasm with packing up camp to ensure all is left clean is appreciated.

In a serious situation where behaviour is disruptive and/or dangerous the Safari Leader can step in and will remove you from the trip. Don't spoil your trip or someone else's trip.

Keeping in touch

It can be quite difficult and also expensive staying in touch whilst you are traveling in Africa. Please let your family know that this will be the case, particularly if you are usually in touch on a regular basis. In an emergency if your family needs to get in touch they should contact the Absolute office and we will do all we can to assist.

E-mail - you will be able to access email in Nairobi, Arusha, Zanzibar, Lilongwe, Lusaka and Victoria Falls. Please note internet speed is quite often very slow so be warned!

Post - Letters from the U.K. to Africa take approximately 10 - 14 days and from Australia or New Zealand to Africa approximately 2-3 weeks. Please be aware that articles regularly going missing in the post.

If you did need to have something sent to you while traveling please contact the office as to the best destination and address to use

Please do not have anything of value posted to Africa en route, including credit cards or prescription drugs. We would also advise against having birthday and Christmas parcels posted. In an emergency if something needs to be got out to you, the Absolute office should be contacted for further advice.

Language

English is understood in most East and Southern African Countries. Learning some Chichewa, Swahili and Shona will ensure a warm response from the locals.

Lonely Planets, Bradts and Rough Guides are always a mine of information

A 746 Michelin map will give you a good insight into where you are travelling.

A friendly note that conditions, prices and details change constantly in Africa and what may be appropriate and/or correct one day is not necessarily the case the next. Much time and effort goes into keeping this information as up to date as possible. At the same time do not treat this document as 'the bible' for your safari. It is a guide only to assist in steering you in the right direction.
