Why travel with Sunway Safaris

We understand that there are several options available to you when choosing your African safari. We also know that you want to make the most informed decision about your safari, what you get, what's included and what you see and experience. So, these are just a few of the Sunway qualities and facts:

- **Small groups** – by travelling with a maximum of 12 people, you can witness Africa and have first-hand contact with this amazing continent and its people without being a negative influence. This has been a key factor in our continued success. Our trips appeal to a wide demographic of traveller. Our client's range in age from 25 to 65+ with the average being 45. The range of travellers gives a variety of perspectives which adds to the experience of each safari.
- **2 Sunway tour guides** – group leaders are the key to any safari. On a Sunway safari, you will travel with 2 qualified and registered field guides (Field Guides Association of SA). Two guides as crew, not a guide and a driver, means interesting trips with maximum knowledge and information. Our guides have a passion for Africa, her people and her wildlife, and they love nothing more than sharing their knowledge with you.
- **Guaranteed departures** – departure dates on each itinerary shown as bold are guaranteed departure dates. All other departures operate with a minimum of 4 clients.
- **All-inclusive price** – when we travel ourselves, we always feel that if we're in a country we should find and see the best it has to offer. So, when planning the Sunway routes, we ensure that each trip provides the best inclusions and experiences. For example, if you go to Botswana – you have to visit the national parks in an open 4WD – it is the essence of the Botswana wilderness. If you tour Zambia, then you must visit South Luangwa NP and do a game walk with a local scout. When booking on a Sunway Safari there are no hidden costs. All of the entrance fees are included, and a wide range of activities, and most meals. We have included many highlights in our tours so that you will see and experience the highlights without having to pay extra when you get there. So, when you decide on which safari company to book with, look carefully at what you're actually getting. You may only visit a place once, make sure you get the most out of it.
- **Safety** – our fleet of vehicles are custom built to ensure comfortable and safe touring. Each is constructed, by an authorised passenger vehicle builder, to the latest safety requirements, with a safety shell, and every seat has a lap belt. This gives you peace of mind when travelling with Sunway Safaris on the often demanding African roads.
- **Good2Go** - Our commitment to sustainable & responsible tourism is reflected in our low impact travel style where all we take is photographs and all we leave is our footprints. Being an African company, we have the grassroots contacts to make a real difference in the lives of the people whose lands we visit. On each itinerary in the brochure, you'll find this symbol which highlights just one of the sustainable travel initiatives that we support.
- **Solo Travellers** – going it alone won't make your holiday more expensive; our reservations staff will match you up with another same-gender traveller to keep your holiday affordable. If however, you request a single room or tent these are available, with a price supplement
- **Experience** - we have more than 28 years' experience planning tours throughout Southern Africa. As such, our itineraries and routes have been perfected over many years ensuring that your tour will run smoothly. We visit the highlights of Southern Africa but ensure that you do not follow the well-trodden tourist track. All of us at Sunway Safaris have extensive travel experience in Africa and throughout the world. Being adventure travellers ourselves, we know how to plan trips that give you a broad experience of the countries that you will visit.
- **Based in Africa** - probably the most important part of a Sunway safari is that we are an African company with offices in South Africa and Botswana. We live in Africa; we travel in Africa and it is our passion for this amazing continent that makes Sunway your best travel option.

- **Age Policy** - On all scheduled tours, we accept children 12-17 with accompanying adult. We have no upper age limit. Clients older than 65 years of age at the time of travel require a medical certificate stating the client is fit and healthy to join an adventure travel group tour. We have many clients over 65 years of age, who are perfectly capable of enjoying every aspect of a Sunway tour, both accommodated and camping. For more details contact marketing@sunway-safaris.com.

SOS trees project – Okavango Botswana

- For hundreds of years, the local communities in and around Botswana's Okavango Delta have used the wood of the sausage tree to craft their traditional mokoro (dugout canoes). The knowledge and skill have been passed down from generation to generation and, up until recently, has been a sustainable practice. With increasing numbers of people visiting the Delta each year, more mokoro are needed and as a direct result, more and more sausage trees are being felled and the sausage tree is sadly disappearing from the region. A traditional wooden mokoro will have to be replaced every five years, thereby placing increased pressure on the dwindling sausage tree supply.

Sunway Safaris has established a project to encourage polers in the local communities to buy replica refibreglass mokoro's, which have a lifespan of approximately ten years, are more stable and are produced without any negative affect to the environment. As such, sponsorship for each refibreglass mokoro is needed, and a portion of the tour cost will be donated to the project, but we also will offer our clients the opportunity to contribute to this worthwhile cause. Please feel free to contact the Sunway Safaris office for more information on the SOS Trees project or if you would like to make any contributions towards this project. It is something that is close to all of our hearts and we hope that it will be successful.

Local Payment

- There is no local payment required on this safari.

Shopping

- Craft shopping for carvings, batiks, paintings and clothing is best in Livingstone, Zambia which has a wide variety of curios. Botswana has beautiful grass weavings. Namibia also has unusual and interesting curios and crafts. If you see something you like, it is best to buy it because it is unlikely that you will see something similar further along. Crafts change from region to region.

Food

- We pride ourselves on offering delicious healthy meals to our clients and will provide three meals per day, except where shown in the itinerary, when we try out local restaurants.
- The tour leaders do the shopping and meal planning for each group. He/she will always try to obtain fresh produce wherever possible. A rough idea of what these will consist of is: Breakfast - cereals or coffee and toast or the occasional fried breakfast, Lunch - cheese, cold meats, salads on bread or rolls, Dinner - braais (local barbecue), potjies (stews), stir-fries etc. We use regular plates, cups and cutlery. All cooking and eating utensils will also be provided.
- We do cater for special dietary requirements (e.g. vegetarian or allergies.)
- We will supply fruit squash served with breakfast and tea or coffee served with breakfast and dinner. All other beverages will be for your own expense. We will not supply bottled drinking water although it is available at many shops on tour.

Difficulty

- Anyone who is generally active and in good health should enjoy this trip. The outdoor enthusiast enjoys simple campsites and basic wild camps, you will get dusty on occasion, but this is Africa!
- Full itinerary with a couple of long driving days, but also plenty of outdoor activity with some relaxing time. This is a long-distance trans Africa safari - there is a lot of distance to be covered and so there will be some

long travelling days. Due to local conditions, border crossings, road detours and weather, the trip may alter route/schedule - please remember that this continent has its own time scale and things work differently here. Keep an open mind and a sense of humour - it's all part of the adventure!

- Everyone is asked to help with the running of camp on tour. In other words, if everyone spends a little time setting up camp, preparing meals and cleaning up then the tour will run smoothly and everyone will have a good time. Participation is the name of the game.

Things you should know

- Includes park entrance fees & game drives.
- Your client will need a valid passport and visas for entry into Namibia and Zambia.
- Luggage, please pack to a limit of 12kgs in a soft sports tog bag. Also, bring a daypack for walks and keeping in the vehicle. On the Accommodated Adventures & Classic Journeys, all bedding is provided, and you will not be required to bring a sleeping bag or pillow. At most accommodation establishments, towels will be provided, but it is always a good idea to bring a small travel towel for the beach or swimming pool. If you are travelling on a tour that visits the Okavango Delta please make sure to bring a small towel with you as there are no towels supplied.
- We recommend that you bring Euro, US\$ or South African Rand for personal expenses on this trip but please note that in Namibia Euro and US\$ will need to be changed into Namibian \$ or South African Rand as shops, restaurants and market vendors only accept N\$ and ZAR. Zambia requires that all services are paid for in local currency, however major credit cards (Mastercard / Visa) can also be used for optional activities in Livingstone and elsewhere on tour. See the Sunway tour dossier for approximate costs of drinks and meals etc.

Common questions about this trip

1. **Can I buy camera memory cards?** Memory cards and other photographic accessories will be available several times on tour. A camera with a zoom lens from wide-angle to telephoto, 35-300mm, is advisable to capture both scenic and wildlife shots. Each vehicle is fitted with a 12/24V cigarette lighter – this should not be relied on for charging camera batteries and we recommend you bring a 2nd battery. Remember you can also charge your camera on those nights we use accommodation (SA 220V)
2. **Is it safe?** South Africa, Namibia, Botswana and Zambia are relatively safe and your guide knows the countries intimately and will endeavour to show you the best parts while looking after you.
